

# PAYMENT PROCESSING SOLUTION

Process and collect local payments seamlessly in Latam

Our all-in-one API solution enables worldwide merchants to access Latin America by easily offering local payment methods in local currencies, and receiving money from transactions into their account anywhere in the world.

**+18 years**  
of experience in Latam

**22 countries**

**+140 local payment methods**

**16 local currencies**

**8 settlement currencies**

## EXPLORE ALL BENEFITS

- ✓ No need for local entities
- ✓ **Local card acquirer and PSP**, meaning reduced costs, faster processing, fluidity, solidity, and higher payment success rates
- ✓ Wide range of alternative payment methods, such as: **instant payments, local credit/debit cards, cash-based vouchers, bank transfers and e-wallets**
- ✓ Local and International settlement service: **get paid monthly or weekly** straight into your bank account
- ✓ Compliant with regulations and laws such as **LGPD, GDPR, SOx law and PCI DSS level 1**.
- ✓ **Modern and robust technology**: 99.99% system availability, average response time of 0.5 seconds for transactions, **highly scalable** and resilient

## ONE INTEGRATION, MULTIPLE FEATURES

- ⊕ **Smart Fraud Prevention**  
A proprietary risk management system with machine learning, offers robust anti-fraud and anti-risk features to prevent any issues in transactions.
- ⊕ **Monthly installments**  
The possibility of splitting up the payment of high-priced products or services for your customers, and although they pay monthly, you receive the money all at once in your account with no extra fee.
- ⊕ **Refunds API**  
We help you avoid chargeback disputes by offering refunds in an integrated solution where processes are done automatically.
- ⊕ **Recurring payments**  
Offer your customers recurring billing through tokenization by protecting your customer sensitive data replacing cardholder details with a stand-in token.

## VALUE ADDED SERVICES

 **Local Customer Support**  
Our multidisciplinary customer support team of over 70 specialists is available 24x7 in Portuguese, Spanish, English, and Turkish.

 **Dedicated and expert Account Management support**  
We offer a dedicated regionalized Account Manager and a Technical Account Manager assigned for you, so all your unique needs and business requirements are met.

## INTEGRATIONS FOR ALL COMPANY SIZES

**Direct API:** customers complete the purchase without leaving your store and we provide tokenization support

**PagSeguro Payment Page:** customers are redirected to our Payment Page to finish the purchase

**E-commerce Plugins:** an easy and quick integration with the biggest e-commerce platforms: WooCommerce and Magento

**Payment Link:** create a URL address in just a few clicks and share the link with your customers so they can finish the purchase on our Payment Page

## WHY PAGSEGURO?

PagSeguro provides **innovative payment solutions**, automating payments, sales, and wire transfers to boost businesses anywhere, in a simple and secure way. Part of the **UOL Group - the leader in Brazilian internet** -, PagSeguro acts as an issuer, an acquirer, and a provider of digital accounts offering complete solutions for online and in-person payments.

The company also has the **most complete payment methods coverage in Brazil** and **16 other Latin American countries** as well as Portugal, Spain, Greece, Romania and Turkey allowing merchants worldwide to process and collect more than **140 local payment methods and local currencies**. It also provides **instant single or mass cross-border payouts to Brazil**.
